President's Dinner Raises \$44,424 for Advanced Microscopes at Saint-Eustache Hospital

Saint-Eustache, January 23, 2026 – The President's Dinner of the Fondation Hôpital Saint-Eustache (FHSE), held on Thursday, January 22 at the beautiful Chez Lionel restaurant in Sainte-Thérèse, raised a record net profit of **\$44,424.81**. These funds will enable the **acquisition of two state-of-the-art optical microscopes for the Cytology and Hematology departments** at Saint-Eustache Hospital. These pieces of equipment will enhance the precision of analyses and directly contribute to improving the diagnostic care provided to patients.

The dinner, presented as a five-course gourmet experience, featured carefully curated **food and wine pairings** selected by **sommelier Justin Thibault**. The sold-out event brought together nearly **100 guests** from the political sphere and the business community of the Basses-Laurentides region. Guests enjoyed a wonderful evening featuring refined cuisine and privately imported wines. As a token of appreciation, each guest received an **exclusive gift bag** including **two beautiful wine glasses engraved with the Foundation's logo**.

The President's Dinner, whose goal is to **highlight and support local restaurateurs**, is held each year in a different establishment across the Basses-Laurentides region, offering participants the opportunity to **discover new culinary and wine experiences** with every edition.
